

A Whole New World

Animals are always fascinating to children. During our Whole New World topic we will be learning about, and investigating lots of different types of animals, and where they come from. There will be lots of time for discussions about animals and to ask questions.

WOW DAY: Thursday 22nd October- Dress as your favourite animal for an animal boogie parade.

Early Years Foundation Stage - Prime Areas

Personal, Social and Emotional development

This term we will be focusing on becoming familiar with the learning environment and the rules which we follow in nursery. We will have the opportunity to free flow play indoors and outdoors in our environments. We will also be looking at family, and sharing photos of our loved ones.

Physical development

This term we will introduce 'Go Noodle' to the children, working on co-ordination daily. Funky fingers will develop fine motor skills which will support handwriting. PE sessions will be introduced to improve children's gross motor skills.

Communication and Language

This term we will have the opportunity to learn about different animals and where they come from. This will encourage the children to develop language and communication skills, as they share their experiences about animals with their peers.

Buttercup Nursery Autumn Term

At Buttercup Nursery we will be sharing our love of books, (which will follow onto Read Write Inc phonics). Each week we will focus on one specific book, allowing the children to gain confidence with the text and enhance their vocabulary and communication skills.

In Maths the Buttercups will be learning; colours, how to sort, patterns, comparing, size and focusing on various counting principles.

In Art we will be looking at the artists Kandinsky and Andy Warhol and using a range of media to embrace our creativity.

We will also be sharing our love of food at snack times. This will give us the opportunity to decide what we like and dislike and taste different fruits too.

Most importantly this term, we will be working with yourselves and your children to ensure that they have the best start to Buttercup Nursery. We will be using Target tracker to record observations and communicate with you about your children. It would be great to see what you are getting up at home too, so please share these moments with us and send them into our nursery email address:
buttercupnursery@meadowsideprimary.org We will add these experiences to your child's learning journal.
